Program Requirements

This curriculum is designed for the student who wishes to earn a Bachelor of Science degree with a major in Business Administration. It has two major components:

1. required lower and upper division courses which provide a foundation for understanding business organizations, their operations, and their place in the global economic, political, and social world;
2. a concentration of courses which permit an in-depth study of a selected aspect of business activity.

Courses requiring a specific prerequisite may be taken only after the prerequisite has been completed.

Note: Business Administration majors shall not be enrolled in any upper division Business Administration course unless they have:

1. Completed all courses in the Lower Division Foundation Core; and
2. Attained junior status (completed at least 60 semester hours of course work counting toward the 120 semester hours needed for graduation).
