## Honors Option

A student may, with the approval of the Chair of the Department of Mathematics, undertake the Honors Program in Mathematics. To complete the Honors Program, a student must complete the following:

1. One of the concentrations as described above.
2. An additional eight hours of upper division courses in mathematics (not to include MATH 3120 Geometry, Probability, and Statistics for Preservice Elementary Teachers).
3. Included in coursework described above, there must be at least one of these upper division sequences in Mathematics:
