Program Description
The Department of Modern Languages and Literatures at CSUB prepares students to interact and succeed in an increasingly global world. Cultural understanding and second language skills offer distinct advantages to graduates, particularly at a time when cultural, ethnic, and linguistic diversity in society is rapidly increasing.

Program Goals and Objectives
Goals of the Department of Modern Languages and Literatures are to foster a broader linguistic, literary and cultural understanding of global societies, equip students with skills that are necessary in career fields, and prepare teachers of modern languages with the necessary knowledge and skills for teaching languages and cultures to others. These goals are accomplished by fostering interest in, and understanding of, cultures and peoples, and by developing student proficiency in the fundamental language skills of listening, speaking, reading, and writing in the languages offered.
