This course covers the principles of life, casualty, and liability insurance. It also covers individual and group insurance programs, as well as methods of establishing risks and rates of return.
Requisite(s): Prerequisite: FIN 3000
Typically Offered: Fall Even Year

FIN 3600 Entrepreneurial and Small Business Finance (3)
This course covers financial issues, problems and situations frequently encountered in small businesses. The course will address analytical techniques appropriate for small business situations including working capital management, financing alternatives, financial distress, and valuing the business. In addition, it will address issues of financial strategy for small business. Students will develop problem solving skills by analyzing weekly case study assignments. Assignments will include empirical articles dealing with current topics in small business finance.
Prerequisite: FIN 3000.
Requisite(s): Prerequisite: FIN 3000
Typically Offered: Fall Odd Year

FIN 3800 Introduction to Real Estate (3)
This course introduces students to real estate principles, practices, and investment decisions. It covers, equity investments, finance, legal aspects, practices, principles, property development, real estate administration in the public sector, real estate market analysis, and valuation. Prerequisite: FIN 3000
Requisite(s): Prerequisite: FIN 3000

FIN 4000 Advanced Financial Management (3)
This course provides students with the opportunity both to recognize and to test the relevance of modern financial concepts in the context of real managerial decisions in the private sector, including ethical problems facing financial managers. A case method utilizing statistical and financial analysis techniques and computer applications will be used to show real world applications. Student presentations are required.
Prerequisite: FIN 3000.
Requisite(s): Prerequisite: FIN 3000
Typically Offered: Spring

FIN 4500 International Business Finance (3)
This course investigates the problems facing financial managers in international operations. Topics include: foreign exchange, the international monetary system, managing exchange rate risk exposure, capital budgeting, international banking, and import/export financing. Financial analysis using spreadsheets as well as student presentations may be required. Prerequisite: FIN 3000.
Requisite(s): Prerequisite: FIN 3000
Typically Offered: Spring Odd Year

FIN 4600 Financial Institutions Management (3)
This course gives students a broad introduction to the operation, structure and regulatory environment of the U.S. financial system. Special attention will be given to the theories of interest rate determination, financial risk management, and asset/liability management in depository and non-depository institutions. The course also investigates e-Business and changes in commercial banking, non-bank financial institutions and financial markets. Computer models and cases are used to show real world applications. Student presentations are required. Cross listed with ECON 4600. Prerequisite: FIN 3000.
Requisite(s): Prerequisite: FIN 3000
Typically Offered: Spring

FIN 4770 Special Topics in Finance (1-3)
Special topics course in Finance provides students with the opportunity to take an in-depth study of an area not covered in regular courses. When offered, prerequisites and course requirements will be announced for each course. Prerequisite: FIN 3000
Requisite(s): Prerequisite: FIN 3000
Repeatable for Credit: Yes, up to 20 units
Typically Offered: Fall, Spring

FIN 4850 Individual Study (1-3)
Individual supervised projects or directed reading projects for students qualified to carry on independent work. Prerequisite: Permission of the instructor and department chair. Up to 3 units may be used to satisfy elective degree requirements. Department determines application and number of units. Note: To count for graduate elective credit and maintain graduate course standards, 400-level courses must be augmented with additional work.
Requisite(s): Prerequisite: sophomore standing or higher.
Repeatable for Credit: Yes, up to 20 units
Typically Offered: Fall, Spring
FIN 4860  Internship in Finance  (3)  
This course provides an integrated academic experience in a work setting. Units may not be used to satisfy the requirements of the Business Administration major. Students may earn a maximum of 3 units through internships. It is offered on a credit, no-credit basis only. Prerequisite: FIN 3000 and one additional upper division Finance course or permission of the Department Chair.  
**Requisite(s):** Prerequisite: FIN 3000 and one additional upper division Finance course or permission of the Department Chair.  
**Typically Offered:** Fall, Spring

FIN 6000  Financial Management and Policy  (3)  
This course addresses the formulation of financial policies for obtaining and using financial resources for the purpose of value creation. Heavy emphasis is placed on the analysis of real-world cases that focus on the decisions confronting the financial manager. Statistical analysis, financial analysis, and advanced spreadsheet applications are required. Students will be challenged with both theoretical and practical problems in the following areas: performance analysis, long-term planning, working capital management, capital budgeting, long-term financing, acquisitions, and international financial management. Student presentations are required.

FIN 6200  Investments  (3)  
This course includes discussion and analysis of security investments. Emphasis directed toward understanding financial investment theories and concepts from both a qualitative and quantitative perspective. Topics include: securities markets, risk and return, portfolio theory, asset pricing theory, valuation, fundamental analysis, and portfolio management. Case analysis, statistical analysis, and other computer applications are required.

FIN 6300  Real Estate Investments  (3)  
This course investigates methods of analyzing real estate investments. It includes an examination of appraisal methods, capitalization approaches, and cash flow models. Consideration is also given to legal, tax, and financing issues. Specific project analysis techniques are part of the course, i.e., analysis of residential properties, commercial properties and shopping centers. A term project and oral presentation are required along with computer applications.

FIN 6400  Short Term Financial Management  (3)  
This is an in-depth exploration of subjects essential to an enterprise’s financial success. Topics covered include management of the firm’s working capital accounts (i.e. receivables, inventories, and payables), short term financing alternatives, cash management systems, short term investments choices, financial institution relationships, and electronic payment and information management systems.  
**Typically Offered:** Spring

FIN 6500  International Financial Management  (3)  
This course looks at the international financial environment, including balance of payments, the international monetary system, foreign exchange and financial markets. Specific topics include managing foreign exchange exposure, domestic versus foreign financing, cash management, political risk, and international legal constraints. A term project and oral presentation will be a part of the course.  
**Typically Offered:** Spring Even Year

FIN 6770  Selected Topics in Finance  (3)  
Special topic courses provide each department with the opportunity to present an in-depth study of a selected subject not covered in regular courses. When offered, prerequisites and course requirements will be announced for each course.  
**Repeatable for Credit:** Yes, up to 15 units

FIN 6850  Individual Graduate Study in Finance  (1-3)  
Individual study is offered to give the student experience in planning and outlining a course of study on the student’s own initiative under departmental supervision. Independent study should deal with a special interest not covered in a regular course or with the exploration in greater depth of a subject presented in a regular course. Instructor consent is required. No more than 3 semester units may be used to satisfy degree requirements.  
**Repeatable for Credit:** Yes, up to 20 units  
**Typically Offered:** Fall, Spring
