Satisfactory Academic Progress (SAP)

In accordance with regulations that govern federal and state financial aid programs, California State University, Bakersfield (CSUB) is required to establish, publish, and consistently apply reasonable standards for measuring a student's academic progress. Satisfactory Academic Progress (SAP) must include both a qualitative component (e.g. GPA) and a quantitative component (e.g. percent of units completed). Both components must be cumulative in nature and must be evaluated by the University at least once per year to certify the student's SAP. Student eligibility for all federal, state, and institutional financial aid programs is affected by this policy. It is the responsibility of every CSUB financial aid recipient to read, understand, and comply with these standards of eligibility. Students may view the Satisfactory Academic Progress (SAP) guidelines in full detail on our website at Satisfactory Academic Progress (SAP) - FA | California State University, Bakersfield (csub.edu) (<https://www.csub.edu/financial-aid/satisfactory-academic-progress.shtml/>).

Student Rights / Terms and Conditions

Financial aid recipients are advised of their rights and responsibilities with respect to their financial aid and scholarship records. In consideration of limited catalog space, students are encouraged to refer to the OFA&S website at <https://www.csub.edu/financial-aid/disclosures> (<https://www.csub.edu/financial-aid/disclosures/>) for more detailed information.

Family Educational Rights and Privacy Act (FERPA)

All records and conversations between an aid applicant, his/her family and the staff of the OFA&S are confidential and entitled to the protection ordinarily given a counseling relationship. CSUB assures the confidentiality of student educational records in accordance with CSUB rules, State, and federal laws including the Family Educational Rights and Privacy Act of 1974 (The Buckley Amendment - whose primary intent is to provide students access to their educational records and to limit dissemination of personally identifiable information without the student's written consent) as amended. As a rule, all currently enrolled and former students have the right to review their records to determine their content and accuracy. Parents of dependent students, as defined by the Internal Revenue Code, who give evidence of this status, have the same rights.

A student who wishes to obtain copies of his/her financial aid records is able to do so in writing to an OFA&S employee.

Third Party Consent

Under FERPA, the CSUB Office of Financial Aid & Scholarships (OFA&S) has the authority to provide student financial aid information to federal, state, and University personnel who have a legitimate need to know this information. Student information cannot be disclosed to other third parties (parent, spouse, sibling, friend, landlord, associate, etc.) without the student's express consent. Students provide consent in the *FERPA Release Authorization* section of their *myCSUB* portal in the Peoplesoft Database (password protected). Along with granting consent, they may also revoke consent to whom they chose and may designate specific areas on campus they allow information to be released from, including financial aid.

Withdrawal

Financial aid recipients who completely withdraw from CSUB will be subject to a pro-rata calculation of "earned" Title IV aid based on the withdrawal date and the requisite return of federal Title IV funds to the appropriate accounts. Responsibility for repayment of these funds will be shared by CSUB and you, according to policies and procedures contained within the federal formula for pro-rata refunds of unearned Title IV aid. The portion of unearned Title IV funds that must be repaid by you and CSUB is calculated by the Financial Aid and Scholarship Office. The percentage of earned Title IV funds, excluding Federal Work-Study, is based on the number of calendar days you completed before withdrawing, divided by the number of calendar days in the term. Breaks in enrollment of five consecutive calendar days or more are excluded from the number of calendar days in the term. No repayment of Title IV funds will be required for withdrawals occurring after the 60% point of the term. Withdrawal BEFORE the first day of classes of a term, but AFTER you have received payment for that term requires 100 percent repayment of all funds paid to the student, including student loans of any kind. If you are required to repay a portion of your aid due to having withdrawn, you will need to discuss options for repayment with the CSUB Student Financial Services Office.

Important Note: Financial Aid Withdrawal Calculations by the CSUB Office of Financial Aid & Scholarships are separate from the Fee Calculations by the CSUB Student Financial Services Office (Bursar). A student who withdraws may not owe a balance to the university but may still owe all or part of their student loans to their lender. For more information on withdrawal calculations and process please refer to the information posted on the CSUB Financial Aid website at Withdrawal | California State University, Bakersfield (csub.edu) (<https://www.csub.edu/financial-aid/withdrawal/>).
