## “Expanding minds. Engaging hearts. Enhancing communities.”

The School of Social Sciences and Education offers pathways to a variety of professions in sociology, psychology-related fields, criminal justice, law, national/state/local politics, international relations, non-profit organizations, teaching in the community colleges, health and medical professions, and government agencies. We also provide programs designed to prepare students to become skilled professional practitioners in social work, counseling specialties, educational leadership, and teaching, both general education and special education. We partner with students to assist them in reaching their full potential so that graduates will assume leadership roles focused on improving the quality of life of our neighbors in their local, national, and international communities.

## Mission

The mission of the School of Social Sciences and Education is to enrich the lives of our students and improve the communities in which they live by providing high quality undergraduate, credential, and graduate programs in the social sciences and education. Our programs provide opportunities for students to grow as wise leaders, engaged and compassionate citizens, reflective users of disciplinary knowledge, well-prepared working professionals, and lifelong learners. We embrace diversity in thought and experience. The School is a resource and partner for increasing quality of life in our community. In all we do, the School strives for educational access, efficiency, and quality.

### The goals of the School of Social Sciences and Education are:

- Recruit, retain, and support high quality faculty and staff who are dedicated to the mission of the University and School.
- Provide opportunities for strong disciplinary preparation and rich overall academic experiences leading to timely graduation.
- Develop stronger relationships with external partners in order to create opportunities for students and to improve the quality of life within our community.
- Expand academic programs with the School that increase educational access without sacrificing quality or efficiency.

## Academic Programs

The eleven departments and the Anthropology and Liberal Studies Programs in the School of Social Sciences and Education offer a range of both undergraduate and graduate degrees. The newest addition to

the SSE School is the Ethnic Studies Department. The School of SSE education programs are accredited by the California Commission on Teacher Credentialing (CCTC). The MSW in Social Work is accredited by the Council on Social Work Education (CSWE).
